

Seyed Bahram Arfaei

VMware Specialist | Storage Specialist | Instructor

Marital Status: Married
Date of Birth: 11/July/1986
Gender: Male
Country of Origin: IRAN
Present Nationality: IRAN

Summary

I am an information technology specialist with over 12 total years of experience in field of VMware virtualization and Storage Infrastructure. My years of hands-on experience as a Virtual Infrastructure Architect and Storage area network give me an excellent grasp of how these systems work in the real world, allow me to make solid recommendations for solutions.

Education and Certification

- A master 's degree at the Khajeh Nasir TOOSI Industrial University
- BS of Information Technology – Iran
- Cisco CCNA Certified
- VMware Certified Advanced Professional Data Center Virtualization Design 2020
- VMware Certified Professional Data Center Virtualization 2020
- VMware Certified Professional Data Center Virtualization 6.5
- VMware Certified Professional Data Center Virtualization 6.0
- VMware Certified Foundations 6
- Dell EMC Certified Information Storage Management ISM v3
- CompTIA Storage +
- Linux Professional Institute - LPIC101-102
- Red Hat Certified Engineer - RHCE

Work Experience

- 2021 – Storage And VI Consultant at Middle East Bank
- 2021 – Storage and VI and Backup Consultant at Pars Khodro (Automobile Manufacturer)
- 2020, 2021 - Storage and VI Consultant at Tejarat BANK (ZAFTA)
- 2020, 2020– Storage and VI Consultant at National Library and Archives of I.R.IRAN
- 2017, 2018 – Storage Consultant at Pardis.co
- 2014, 2018 – Datacenter Engineer at Batis Shabke Afza (Project)
- 2017 – Arjang Institute Higher Education <https://arjang.ac.ir>
 - VMware Instructor
 - DELL EMC Instructor
- 2019, 2019 – Carrier Digit (CDigit)
 - VMware Instructor
- 2017, 2018 – Ideh Pardazan Andishe Ayandeh Education Institution
 - VMware Instructor
 - DELL EMC Instructor
- 2017, 2018 – Douran Group

- VMware Instructor
 - EMC VNX Instructor
- 2016 – REMIS.CO
- Tejarat Bank (Project Manager)
 - Configuration and Management of EMC VPLEX
 - Integration of EMC RecoverPoint with EMC VPLEX
 - Implementation of EMC VPLEX Metro Cluster in VMware environment (Stretched and Distributed Clustering)
 - Disaster Recovery Solutions based on VMware SRM and EMC RP4VMs
 - Integration of VMware SRM with EMC RecoverPoint Appliances
 - Multi-Site Protection with EMC RP4VMs Solution
 - Intelligent National Card Project (National Organization for Civil Registration)
 - Head of Storage Infrastructure
 - Head of Virtual Infrastructure
 - Head of Backup Infrastructure
 - Head of Horizon Infrastructure
- 2016, 2016 – Tuning Storage Layer for Oracles DB (Project)
- Software Systems Project
 - Design and implementation of storage layers based on Oracle – EMC B.P
- 2015, 2015 - Ministry of Justice of the Islamic Republic of Iran (Project)
- Redesign and Fine Tuning Virtual infrastructure
- 2015 – Chadormalu Minig & Industrial Co (PJS) (Consultant)
- Design and implementation of SAN

 - Shazand Oil Refinery (Outdoor Wireless Project – Point to MultiPoint)
- 2007, 2008 – Payoun Aria CO
- Network Expert
- 2005, 2007 – Systemyar Institute
- Microsoft Trainer
 - Network Technician

Personal skills and Expertise

Networking & Internetworking: (Microsoft Operating Systems - Servers – Services)

Wireless Routers:

- Infinet, Teletronics, Proxim, ...

Servers:

- **Operation Systems:**
 - Microsoft Windows Servers
 - Linux Systems
- **Hardware**
 - HP Proliant DL- ML- BL
 - IBM Blade Server (H)

Virtualization:

- VMware Virtual Infrastructure
- VMware SRM
- VMware Horizon
- VMware VSAN
- VMware vRealize Suite

Storage Devices:

- HP MSA
- HP EVA Storageworks 4100, 4400, 8100, 8400
- EMC VNX 5100, 5200, 5300, 5400, 7600
- EMC UNITY and UNITY XT

Fabric Switches:

- Brocade Series
- Cisco MDS Series

Backup Solutions:

- **Backup Appliance**
 - HPE StoreEver MSL 2024, 4048, 6060, 6480 Tape Library
- **Backup Software**
 - Commvault
 - HP Data Protector
 - Symantec Backup Exec
 - Sep Sesam
 - Veeam Backup and Replication

Certifications
